A MOBILE SOLUTION CONNECTING THE FIELD TO THE OFFICE

TIME IS MONEY

The key to remaining competitive is controlling costs. Spira's Operating Resource Platform ("ORP") not only saves time, it also increases productivity and reduces risk. The ORP will eliminate process delays and drive efficiency to make your company more profitable.

Core Functions of the Spira ORP:

Invoicing: Work flow processes support controlled, auditable invoice and credit memo generation that result in invoices paid on time

Scheduling & Time Management: Select, review and schedule jobs with visibility into availability; track staff and equipment

Payroll: Field users enter their information at the source, ensuring the highest level of accuracy and reducing burden on internal staff

Health & Safety: Complete safety, inspection and compliance paperwork with a few steps; place workers and equipment on a real-time map

Business Intelligence: Real-time operational reports facilitate immediate decision-making or post-project analytics

Cost Management: Real-time revenue and cost reporting

Spira ORP Attributes

User-friendly
Accessible, familiar and visual

Flexible
Configurable; seamlessly intergrates with other applications

Manages risk
Auditable, secure and accurate

Make Your Company More Efficient

EXPERTISE. SPEED. SAFETY.

Whether serving the energy, construction or utilities sectors, your clients demand operational excellence, delivered 24-7, with industry-best safety practices. Spira's ORP is a powerful tool that facilitates the delivery of each of these. It standardizes work flow to help you improve profitability.

Spira ORP Capabilities for Hydrovac

- ✓ Track jobs from bid to invoice in one system
- ✓ Access extensive price book and refine cost estimates
- ✓ Assign equipment and staff based on availability and certifications
- ✓ Capturer all Operator Swamper/Trenching activity at the source and minimize errors

- ✓ Configure reports and invoicing to your clients' processes and procedures; get paid faster
- ✓ Work from anywhere on or off-line
- ✓ Manage HSE
- ✓ Benefit from a cloud-based solution that is scalable and always-up

- ✓ Track expenses for staff, equipment and materials
- ✓ Generate remote POs for subcontractors and rentals
- ✓ Facilitate payroll functions
- ✓ Create dashboards and reports to improve analytics

Spira has hydrovac solutions that can accommodate 25-50, 50-100 and 100+ users.

Value Proposition for Hydrovac

Cash is king and critical to your profitability. Spira's ORP eliminates process delays and **gets you paid faster.**

With its point-of-origin accuracy, our **clients are invoicing within 3 days** from time of work completion, versus 30 days before Spira was implemented.

- ✓ **Reduce Administration**
- ✓ **Minimize Errors**
- ✓ **Integrate Data**
